

Noncertificated Staff Relations to Students and Public

In general, students are the responsibility of the certificated personnel. Except as noted below, at-will noncertificated personnel should assume no authority in this matter:

- A bus driver is responsible for the students on his/her bus when he/she alone is in charge of the students.
- Certain clerks, secretaries, and aides may be designated to deal with students under the direction of the building principal or supervising teacher.
- A custodian is in charge of a building during "off" hours when he/she is present.
- When students are being destructive of public property and no certificated personnel is immediately present.
