

## **School Calendar**

The school board will establish, upon recommendation of the superintendent, an official school calendar for the ensuing school year not later than the regular March meeting. Tentative calendars for future years also may be established. The regular calendar will include the number of student days, number of workdays for staff members, and will indicate holiday periods. The calendar adopted will be consistent with existing statutes and State Board of Education directives. Community and staff desires will be weighed in designing the calendar.
