

School Talks

October 11, 2023

Topic: The Fentanyl Concerns in our Community

Guest: Sheriff Larry Kendrick

On October 11th, Sheriff Larry Kendrick will be giving a presentation at Rimrock Jr/Sr High in conjunction with the school district's, "School Talks" monthly community open forum. The Bruneau-Grand View School District administration met with Sheriff Kendrick last month to discuss concerns about drug use and potential effects this drug could have on families and students attending our schools, from the youngest to the oldest.

Recognizing the relationship that the school district has with families who live within the district's boundaries, the district's administration agrees that "The school is the community, and the community is the school." Developing a close relationship with community resources like the Owyhee County Sheriff's Office is vital to providing continued education to our community of the dangers that are present in terms of fentanyl, its effects, and availability to children in Idaho.

The fentanyl community project we are holding during our October School Talks program is a worthy undertaking. The school district appreciates the passion Sheriff Kendrick has for eradicating illegal drugs from Owyhee County. We are thrilled to partner with Sheriff Kendrick on October 11th and welcome all who can attend.

- Date: October 11, 2023
- Time: 6:00 - 7:00 PM
- Location: Rimrock Jr/Sr High Auditorium
